All student accident policies, including High School Football **contains a coordination of benefits clause.** ***Tackle Football Plan*** is required to play football for grades 9-12. Another policy will have to be purchased for any additional sport played.

No student will be permitted to participate in interscholastic athletics/activities unless he/she is insured with one of the plans, **or** is adequately covered by another plan. The parents must provide insurance information that provides proper insurance coverage for student before participation in athletic/activity is allowed.
